Date: 2nd November 2012
Time: 16:00 – 17:00
Location: Solarium
Attendees: Chris, Ollie, Rich, Kit, Sam, Jacob, Ed, Ivan
Apologies: N/A
Minute Taker: Sam

Matters Arising

1. Each member will look over the system requirements document for the functional requirements. The group will note any ideas for any tests that will be done. This should be done for Tuesday's meeting and will be shared between the group.

   Action: all

2. Ed will produce the timesheet by the Tuesday 3rd November meeting.

   Action: edd14

New Business

1. Jacob's responsibility will be the databases, rather than databases as well as implementation of the server-server interactions.

2. Rich will work with Ivan regarding the servlets.

3. Kit will help with Junit testing.

Any Other Business

1. Any hours sent to Ed for the timesheet should be rounded to the nearest 10th minute.

2. It is essential to use Git when uploading documents so all the documents are in one place.
